

Tungsten electrode grinding tool

Grinding device for electrodes

Regrinding or grinding of tungsten electrodes, easy and economical, which are integrated in TITAN strapping heads.

Grinding device for electrodes to produce the ideal electrode tip

Technical Data

Power supply system	230 V 115 V
Power	300 W
Weight	3.79 lb

Strap/Joint

Other technical data

- Drive: Electric - Idle speed: 28,000 rpm - Grinding wheel diameter: Ø 1.58 in
